a unique and original collection brought to you
by Candlelight The Showroom from remote villages
of Indonesia - and factories around the world.
Inspiration for the space within and all around us /
for the infinity of Greek Island bliss, for the
Ethnic explosion of
color in exotic departures,
or perhaps the soft elegant
aura of a remembered afternoon.
The creation of unique environments
and dream projects.
The essence of decades of experience
now consolidated to fulfill the need of the the
professional community of Architects,
Designers, Hotel Owners and Project Managers.
